

CGIAR Collaborative Platform on Gender Research

Communities of Practice

Gender and Climate Smart Agriculture (CSA): **Sophia Huyer**

Gender and water (WAGI): **Floriane Clement**

GENNOVATE - **Marlene Elias** and **Lone Badstue**

Gender and nutrition: **Elena Martinez**

Gender and Breeding post-docs – **Cynthia McDougall**

Gender and Breeding Initiative – **Vivian Polar**

Gender and Big Data: **Medha Devare** and **Marcelo Tyszler**

16h-17h CET, December 5th 2017
First Annual Scientific Conference
KIT Royal Tropical Institute, Amsterdam

Gender and CSA Learning Platform

CCAFS Gender and Social Inclusion (GSI)

A platform for:

1. Information exchange and support for gender and CSA research across CRPs & Centers
2. Promoting cross-CRP research collaboration
3. Integrating gender and CSA research findings into climate policy / international initiatives

Who can join: All CG researchers working on these issues

- [Network site](#) on the CGIAR Gender Platform
- [GenderCSA](#) email list

Key activities and/or publications

- *Quarterly meetings: Updates on water and gender research activities, events, publications*
- *Synthesis paper submitted at Global Food Security for special issue on Gender (8 authors, 4 countries)*

People

Originally WLE and IWMI staff.

Now IWMI or ex-IWMI staff, mostly social scientists (around 15 active members)

Sharepoint, Slack, Endnote library open to members

Tools open to new members interested in gender and water

Thank you

Photo: Neil Palmer/IWMI

How do **gender norms** and **agency** influence **men's and women's capacity to innovate** in agriculture and NRM.

GENNOVATE products:

Special issue on GENNOVATE submitted to

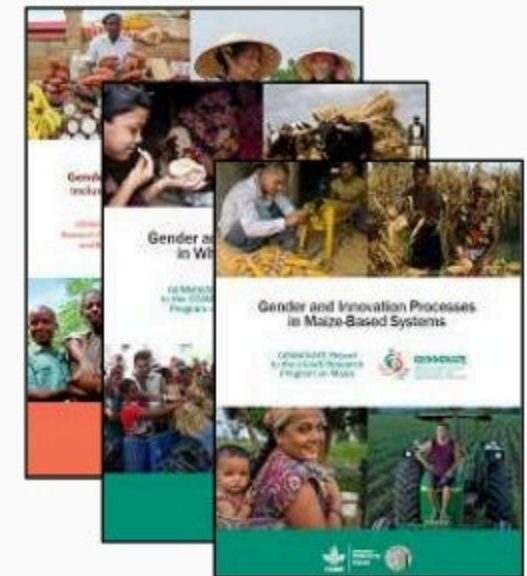

And other peer-reviewed articles, e.g. Cohen, P. J. et al. (2016). Understanding adaptive capacity and capacity to innovate in social–ecological systems: Applying a gender lens. *Ambio*

Locke, C. et al. (2017). Innovation and gendered negotiations: Insights from six small-scale fishing communities. *Fish and Fisheries*

Tools for non-gender scientists

CRP specific reports

GENNOVATE is a collaboration of research teams from 11 Phase I CRPs working across Latin America, Africa and Asia. The joint research effort includes strong capacity-building.

You can find all GENNOVATE products, methodology and contact details here:

RESEARCH
PROGRAM ON
Agriculture for
Nutrition
and Health

LED BY IFPRI

Gender and Nutrition CoP

Credit: Finn Thilsted/WorldFish

Key activities

1. Developing tools, indicators, and approaches to **measure women's empowerment** in agriculture
2. Analyzing **connections between empowerment and nutrition** outcomes
3. Incorporating **mixed methods** into gender and nutrition research
4. Expanding the focus of cross-cutting research to include **equity and empowerment**

People

- ❖ Hazel Malapit, Senior Gender Research Coordinator, A4NH
- ❖ Agnes Quisumbing, Senior Gender Advisor, A4NH
- ❖ Elena Martinez, Senior Research Assistant, A4NH

Gender & Breeding Postdoctoral Fellow Initiative

Collaboration of

gender.cgiar.org

Hosted by 
WorldFish

Partner

Funded by the

Gender & Breeding Postdoctoral Fellow Initiative

Focus:

- Gendered trait preferences of women and men farmers & consumers

Key activities:

- *Cap dev*— PDF individual cap dev plans and support (in progress)
Mixed Methods workshop (Dec 2017)
Writeshop (2018)
- *Collaborative Study*: Lessons from 7 PDF studies (2018)

Publications:

- End-user responsive methods: *Tool Navigator* (Friday)
- Collaborative peer review journal article (2018)

People: 7 PDFs + network of breeders, gender and other experts

Thank you

G. Thiele, C. McDougall, V. Polar

DECEMBER 5th 2017

Gender and Breeding Initiative

Develop a strategy for gender responsive breeding and establish mechanisms to foster collaboration among social and biophysical scientists

Key activities

- Innovation Workshop GRB held from 5-7 October 2017 in Nairobi, Kenya.
- 3 Webinars were held including 1 with the gender platform

Publications

Working Documents	Briefs
<ol style="list-style-type: none">1. Gender and social targeting2. Setting breeding objectives and trait prioritization3. Case studies of gender and breeding programs	<ol style="list-style-type: none">1. Critical decision points for implementing GRB2. Uptake pathways to achieve GRB3. Funding strategy for the initiative

People involved

- Plant and animal breeders and social scientists from across CGIAR Centers and Programs
