Collaboration of

gender.cgiar.org

Hosted by 
WorldFish

Partner

Funded by the

Gender & Breeding PDF Initiative

Purpose

To enhance gender-responsive breeding

- ✓ Increase inter-disciplinary gender-related knowledge and skills
 - Within and across CRP breeding programs

- ✓ Generate empirically-based insights into common and unique aspects of breeding
 - Trait preferences and needs
 - Gender analysis
 - Farmer to consumer

Through...

- ✓ Joint cross-CRP study based on PDF research
- ✓ PDF capacity development
- ✓ Networking & innovating

Who are the PDFs?

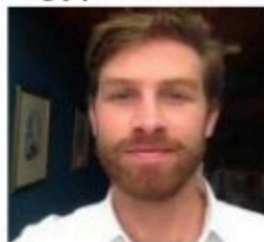

Bela - Product Profiling and Gender in Cassava Breeding: An integrated approach

Lemlem - Gender sensitive aquaculture for gender equitable income, food and nutritional outcomes in Myanmar

Activities

2017

- Connecting and forming the Initiative (Jan)
- Cross-CRP Study design Workshop (August)
- Cap Dev planning (Aug - present)
- Identifying potential tools (Aug - present)
- Mixed Methods training (Dec)

2018

- Implementing cap dev plans (mentoring, expert input, training...)
- Writing & Writeshop for cross-CRP article (Q2)

Outputs

2017

Cross-CRP Study:

- **Concept Note**

Methods:

- **Tool Navigator (BoP)**

Cap Dev:

- **PDF Cap dev plans**

PDF's own outputs:

- **Lit reviews on gender & trait preferences**
- **Blogs**

2018

Methods:

- **Webinar on Tools/Tool Navigator (BoP)**

Cross-CRP study:

- **Peer review article**
- **Blog**
- **Webinar**

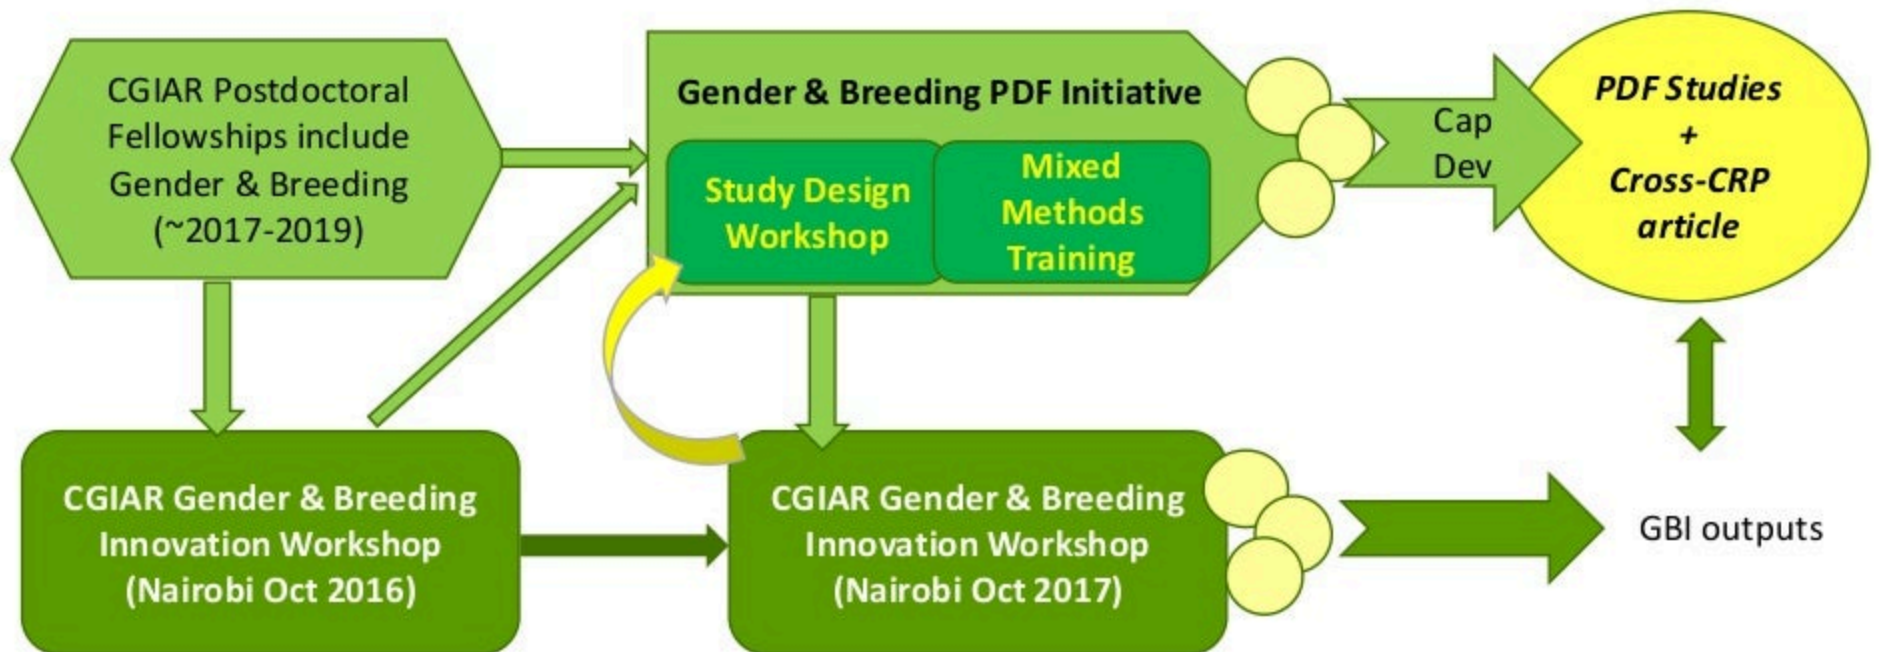

PDF's own outputs:
