

Gender & Breeding Postdoctoral Fellow Initiative

Enhancing gender- and user- responsive breeding through increasing inter-disciplinary gender-related knowledge and skills, and generating empirically-based insights into women's and men's trait preferences and needs

2016 Momentum

CGIAR Postdoctoral Fellowships Include Gender and Breeding (2017–2019)

2017 Collaborative Innovation and Design

Study Design Workshop

Development of "Tool Navigator" Resource (Market-based Tools)

Capacity Development

Mixed Methods Training

Mentoring and Webinars on Quantitative Analysis

2018 Applying Innovative Design and Collaborative Analysis

Scientific Writing Training

PDF Studies and Cross-CRP Article

Hosted by

Gender & Breeding Postdoctoral Fellow Initiative

Enhancing gender- and user- responsive breeding through increasing inter-disciplinary gender-related knowledge and skills, and generating empirically-based insights into women's and men's trait preferences and needs

Lilian Nkengla
(ICRISAT/ GLDC)
Harnessing Opportunities for Productivity Enhancement (HOPE) of Sorghum and Millet; Tropical Legumes (Mali)

Béla Teeken
(IITA/RTB)
Product profiling and gender in cassava breeding: An integrated approach (Nigeria)

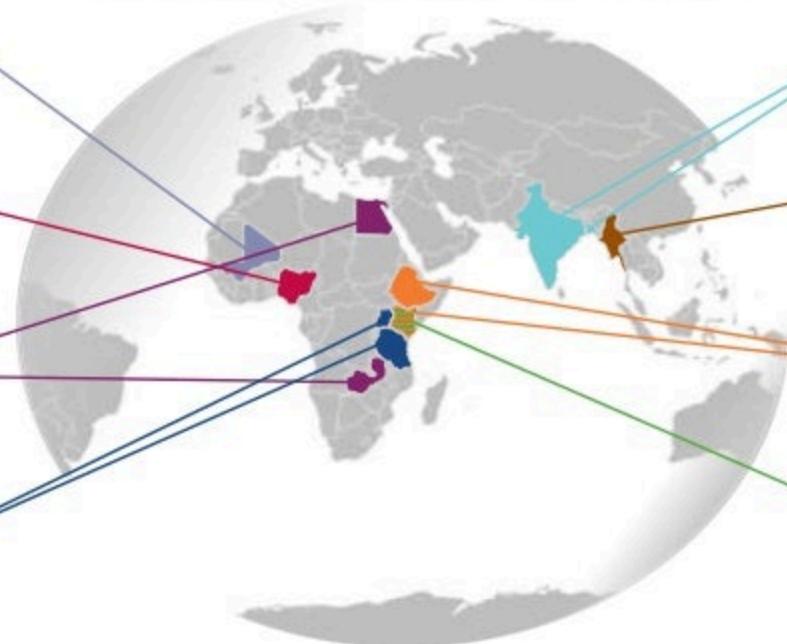

Seamus Murphy
(WorldFish/FISH)
Gendered fish preferences of resource-poor consumers and retailers (Egypt & Zambia)

Priscilla Marimo
(Bioversity/RTB)
Integrating gender knowledge and preferences in banana breeding (Uganda & Tanzania)

Gender & Breeding PDF Studies

Mamta Mehar
(WorldFish/FISH)
Gender-differentiated end-user preferences for genetically-improved fish (India & Bangladesh)

Lemlem Aregu Behailu
(WorldFish/FISH)
Gender-sensitive aquaculture for gender-equitable income, food and nutritional outcome (Myanmar)

Birhanu Lenjiso
(ILRI/LIVESTOCK)
Gender dimensions of fodder technology adoption (Ethiopia & Kenya)

Juliet Kariuki
(ILRI/LIVESTOCK)
Gender-sensitive small ruminant breeding (Kenya)
